Results. Outcome. Impact.

Our Mission:

Our mission is to partner with the community to fund essential medical equipment for Oakville's Hospital to enable high quality patient care.

Letter to Our Donors

Dear Friends,

This past year has been a successful one for the Oakville Hospital Foundation and in turn for the health of our community.

The Foundation is grateful to you for a record year of support in 2010/2011. The combined passion and commitment of volunteers and staff led us to achieve the most funds raised in a single year in our Foundation's history and at the lowest expense ratio. We are grateful to our leadership volunteers for dedicating themselves to help make this happen.

Last year is marked by many achievements including keeping our administrative costs far below the industry average, redefining our donor recognition and stewardship policy, and the growing popularity of our "Talks with Docs" series that feature Oakville physicians sharing their leading-edge insights into our community's most important health issues. Four pacesetter gifts, led by the Oakville Hospital Volunteer Association's pledge of \$3 million in 2009, helped make this a transformational year for the Foundation, including the largest donation in our hospital's history. Peter Gilgan's unprecedented generosity will have an enduring impact on the lives of many families in our community.

We know that all donations – from a \$10 million pacesetter gift to a \$10 pledge to a runner in the OTMH Classic – deserve a strong ROI. For nonprofit organizations and donors, that familiar business acronym translates to results, outcome and impact. We believe that is the true value of your contributions to our hospital. Your donations have a significant and immediate impact on our healthcare team and the patients they serve. On pages 4 and 5 of this report you will see some tangible examples as to how community support funded our equipment needs this past year.

In 2011, we raised nearly \$10 million more than we did in 2009/2010. This incredible achievement is thanks to you. Your relationships with our staff and volunteers brings meaning to our work. In addition to our gratitude you also have our promise that we continue to steward your gifts efficiently and responsibly. Thank you for your trust and confidence. We remain committed to being accountable and transparent to you our generous donors and stakeholders in our Foundation.

“We know that all donations – from a \$10 million pacesetter gift to a \$10 pledge to a runner in the OTMH Classic – deserve a strong ROI.”

There is a growing enthusiasm in Oakville to support our new hospital. Our community is beginning to rally around the vision of a new, innovative centre for medical excellence. To date more than \$21 Million in major gifts has been announced toward our new hospital. While our journey has just begun we are confident that with your help we can keep the momentum going to achieve our \$60 million campaign goal.

But for now, the purpose of this annual report is to recognize the many individuals, corporations and community groups who have helped make this past year a remarkably successful one.

On behalf of our healthcare team and patients, we applaud the generosity of all those who supported our hospital this past year. Your support was absolutely critical.

Yours in philanthropy,

Frank Lochan
Chair, Board of Directors

Tina Triano
Chief Executive Officer

ROI on Your Donations

This past year, your investment in the Oakville Hospital Foundation enabled us to fund priority equipment for our community's healthcare team. These urgently needed items are being used right now at OTMH and will come with us to the new hospital. Here is the ROI – results, outcome, and impact – of some of these donations.

Result: \$23,944

Outcome: Bladder Scanner

Impact: This portable ultrasound bladder scanner allows nurses to evaluate bladder function right at the bedside, decreasing the number of invasive catheterizations and increasing patient satisfaction.

Result: \$34,358

Outcome: Infant Warmer

Impact: This infant warmer is a vital piece of equipment in infant care as it provides supplementary heat to a newborn after birth.

Result: \$43,089

Outcome: Vein Viewer

Impact: This special device helps make intravenous procedures less stressful for babies and young children as it decreases the number of attempts to access a vein.

Result: \$17,764

Outcome: 4 Transport Stretchers

Impact: Our four new light weight stretchers will be regularly used to transport patients for diagnostic testing within the hospital.

Result: \$82,641

Outcome: Fundus Camera

Impact: This fundus camera is a specialized microscope with an attached camera designed to photograph the eye and help track progress of macular degeneration and diabetic retinopathy.

Result: \$50,186

Outcome: Critical Care Ventilator

Impact: This ventilator is a life-saving piece of equipment that moves air into the lungs of a patient who is unable to breathe on their own.

Result: \$16,365

Outcome: Surgical Camera System

Impact: This specialized camera is used for laproscopic general surgery procedures such as gallbladder removal, hernia repairs and appendectomy.

Result: \$51,277

Outcome: Intensive Care Bed

Impact: This specially designed bed provides comfort and safety for our most critically ill patients. The cushioned therapeutic surface maintains optimal, zoned pressure relief to aid in the prevention and treatment of pressure ulcers.

Result: \$169,105

Outcome: Cardiac Ultrasound

Impact: This cardiac ultrasound helps to detect problems with the heart including structural and cardiac abnormalities. This new technology also has superior image quality and enables OTMH to do cardiac exams on adults and paediatric patients.

Pacesetting Philanthropists

In 2010-2011, these extraordinary donors supported our new Oakville Hospital campaign with gifts that will make a monumental difference to the future healthcare of our community.

Peter Gilgan - \$10 Million

Ten years ago, Peter Gilgan a newly arrived Hospital Board Member, fresh with innovative ideas, commented to his fellow directors that Oakville may need a brand new hospital in the not too distant future. He volunteered that when the time came to build the new hospital he would be there to help; “just ask”, he said.

Last year, Peter Gilgan stepped forward to lead the way in helping to make the new Oakville Hospital a reality by donating \$10 million.

Peter Gilgan’s gift will go a long way towards facilitating the introduction of numerous enhancements to patient care at the new Oakville Hospital. From modernized operating rooms, to an Emergency Department that will be 4 times

the size of the current one - with its own CT scanner - to a state -of-the-art Intensive Care Unit, all designed with a focus on creating a supportive, calming and healing environment. As well, eighty per cent of all rooms will be designed for single patient use allowing for additional privacy, opportunities for families to remain with their loved ones and enhanced infection prevention and control.

The \$10 million gift is the largest contribution the Hospital has ever received. It is a pacesetting gift that has set a new benchmark for philanthropy in our community and is the largest (to date) in Peter Gilgan’s long track record of community involvement. In recognition of his generosity, the new Oakville Hospital’s inpatient tower will be named the Peter Gilgan Patient Care Centre.

“I believe that private corporations and individuals with means need to play a part in building vibrant communities and I want to encourage others who are also fortunate to be successful in business to get involved,” said Peter Gilgan at the time of the announcement.

The WB Family Foundation - \$5 Million

The Beamish family has demonstrated time and again their commitment to improving healthcare in Canada. Their latest investment is a \$5 million gift that will see enhancements to the diagnostic imaging services offered in Oakville. This tremendous gift will help to ensure that Oakville residents have improved access to more advanced diagnostic imaging technology both at OTMH and the new Oakville Hospital.

Diagnostic imaging technology is an area that can significantly impact the cost of healthcare in hospitals today. In addition to supporting the workflow of other departments in the hospital, advanced imaging techniques such as computed tomography (CT) scans and magnetic resonance imaging (MRI) can shorten the length of a person's hospital stay and decrease the high costs associated with hospitalization. Advanced imaging provided by CT scanners, MRI equipment, digital mammography as well as other modalities in the department, are vital, non-invasive diagnostic tools that play a key role in enhancing the medical needs of our community.

The new Oakville Hospital will provide MRI services for residents of Oakville, Milton, Georgetown and Halton Hills. We plan to open the new hospital with a combination of five MRIs and CT scanners. Oakville-Trafalgar Memorial Hospital currently operates one MRI and one CT scanner to service more than 300,000 people.

“With Oakville’s population rapidly growing with new young families we feel fortunate to be in a position to give back to the community and hospital that has been there for us for so many years,” said Marilyn Beamish.

The Birmingham Family - \$3.5 Million

For more than 20 years, Betty Birmingham, and her late husband Bruce, have been loyal supporters of the Oakville-Trafalgar Memorial Hospital. Last year they made a tremendous \$3.5 million contribution to the new Oakville Hospital Campaign, bringing their total donations to the hospital to more than \$8.1 million.

The construction of the new Oakville Hospital is significant as it will include a cancer clinic, marking the first time oncology services will be available within the community. The oncology component of the clinic will provide patient assessment, teaching, counselling, information, chemotherapy administration, blood transfusions, procedures and clinical trials for oncology patients. The medical day care services within the Clinic will provide specialized outpatient care for patients requiring minor medical treatments, therapies or procedures that require a stay of 4-6 hours, including blood transfusions, investigative procedures including needle biopsies and intravenous (IV) injection therapy.

The Birminghams, also the Honourary Co-Chairs of the new Oakville Hospital Campaign, will have their gift recognized through the naming of the Birmingham Cancer and Medical Day Care Clinic.

Up to \$500,000 of their gift will be allocated towards a matching donation challenge to purchase essential medical equipment for the Cancer and Medical Day Care Clinic. Community donations towards this department will be matched, dollar for dollar – another example of how the Birmingham family believe in catalytic philanthropy.

“I’m often asked why Bruce and I support philanthropic causes like this,” says Betty Birmingham. **“The answer is simple; Bruce always believed that you support the hospital in your community and that you lead by example, as do I.”**

Community Partners

The Oakville Hospital Foundation is grateful for the support of our community and the fundraising events you host to benefit our hospital. We are proud to recognize the following community partners for events held for OTMH this past year.

A Celebration of Life
Advocis Peel Halton
Bank Bed Challenge: BMO Bank of Montreal
Bank Bed Challenge: CIBC
Bank Bed Challenge: HSBC Bank Canada
Bank Bed Challenge: RBC Royal Bank
Bank Bed Challenge: Scotiabank
Bank Bed Challenge: TD Canada Trust
BMO Nesbitt Burns OTMH Regatta
Diamond White Party
Dufferin Aggregates
Esso Charity BBQ
Frank Sabatino Memorial Hockey Tournament

Halton Regional Chinese Canadian Association
Knights of Columbus Events
Oakville Italian Invitational Golf Tournament
Oakville Volkswagen
Peter D'Attoma Memorial Charity Golf Tournament
Play it Forward Charity Event
Rotary Club of Oakville West Golf Tournament
Shoppers Drug Mart Oakville - Tree of Life
Stampin for OTMH
Swim for Mental Health
The Civitan Club of Oakville
Valley View Open Golf Tournament

You can make a difference to the health of our community!

As an OTMH Community Partner, your organization will benefit by expanding its 'community-first' reputation and we can continue to offer the best healthcare possible, close to home. For more information about the Community Partners Program, please contact Michelle Kerby, Community Fundraising Officer at (905) 845-2571, ext. 6253.

Comments from the Chair of the Finance Committee & the Chief Executive Officer

The Oakville Hospital Foundation ended its fiscal year with a record-breaking increase in revenue from previous years. We are pleased to report that the 2010/2011 audited financial statements show revenue of more than \$13.3 million.

This revenue enabled us to fund OTMH priority equipment needs and contribute toward our \$60 million goal to equip the new Oakville Hospital. This year we granted \$919,000 for equipment needs on the priority lists (all items moving to the new hospital), and \$2.3 million from donor designated funds.

These funds were raised through a variety of means including direct mail, our special events: Wine Auction, Golf Tournament, Candlelight Ball, and OTMH Classic and the growing Community Partners program. In addition, careful fund management resulted in \$933,000 in net investment income.

Our greatest success, however, rests with personal gifts from individuals, foundations, and corporations which totaled \$8.8 million. This remarkable growth in our major gift program demonstrates our community's belief and commitment to the new Oakville Hospital.

We are grateful for the many individuals and organizations we partner with in the community. Our success, and the Hospital's, can only be achieved with your support. We also thank our Board members and Campaign volunteers whose leadership ensures our mission is front and centre in the community.

Yours in accountability,

A handwritten signature in black ink that reads "Richard Nunn".

Audited Financial Statement

For the year ended March 31, 2011

The Oakville Hospital Foundation is conscious of its responsibilities and is accountable to those in the community who place their trust in us.

Your support allows us to address the priority needs of our hospital – both the immediate purchase of vital equipment and for the equipment needs of tomorrow through endowments and investments.

Please see below for more information on how your 2010/11 donations have been distributed. Thank you!

Statement of Operations

(expressed in thousands)

Total Balance, end of year	<u>\$15,354</u>	<u>\$13,772</u>

Note: In addition to the Oakville Hospital Foundation Endowed Funds, several Family Funds have been established through the Oakville Community Foundation for the exclusive use of equipment purchases for OTMH.

Stewards of Your Trust

Fundraising Expenses

Fundraising expense management is a topic of interest in our industry and among communities at large and is monitored very closely by the Oakville Hospital Foundation.

We at the Oakville Hospital Foundation are conscious of our responsibilities and are accountable to those in the community who place their trust in us.

Thanks in large part to significant major gift activity in 2010/2011 in response to our new Oakville Hospital Campaign, our cost per dollar raised (also known as our expense ratio) was 16% last year. To the business audience, this is often referred to as a 'Return on Investment' of 84%.

This means we are allocating 84 cents of every dollar raised in the community to address the priority needs of our hospital – both the immediate purchase of essential medical equipment and providing for the equipment needs of tomorrow through endowments and investments.

The expense ratio calculation can differ between charities. When comparing, please note that the Oakville Hospital Foundation expense ratio includes ALL expenses, including events, salaries and administrative expenses.

The position of The Canada Revenue Agency on Expense Ratios is expense ratios under 35% are unlikely to generate any questions or concerns.

Ethical Fundraising

At the conclusion of the 2010/2011 fiscal year, the Foundation was again recognized as a member of Imagine Canada's Ethical Code Program.

Imagine Canada is a national charitable organization whose cause is Canada's charities and nonprofits. Its members are Canadian charities and nonprofits working for the greater good of Canadian communities and communities around the world. Since 2005, the Foundation has held Imagine Canada's Ethical Fundraising License, recognizing OHF as a charitable organization that meets the highest standards for accountability and openness in its fundraising practices and policies.

Donor Bill of Rights

Philanthropy is based on voluntary action for the common good. It is a tradition of giving and sharing that is primary to the quality of life. To assure that philanthropy merits the respect and trust of the general public, and that donors and prospective donors can have full confidence in the not-for-profit organizations and causes they are asked to support, we declare that all donors have these rights:

- To be informed of the organization's mission, of the way the organization intends to use donated resources, and of its capacity to use donations effectively for their intended purposes.
- To be informed of the identity of those serving on the organization's governing board, and to expect the board to exercise prudent judgment in its stewardship responsibilities.
- To have access to the organization's most recent financial statements.
- To be assured that their gifts will be used for the purposes for which they were given.
- To be given appropriate acknowledgement and recognition.
- To be assured that information about their donations is handled with respect and with confidentiality to the extent provided by law.
- To expect that all relationships with individuals representing organizations of interest to the donor will be professional by nature.
- To be informed whether those seeking donations are volunteers, employees of the organization or hired solicitors.
- To have the opportunity for their names to be deleted from mailing lists that an organization may intend to share.
- To feel free to ask questions when making a donation and to receive prompt, truthful and forthright answers.

Monthly giving is a convenient way to support OTMH and has great benefits for the Foundation. It cuts down on administrative costs and it provides a steady income that we can rely on to fund the priority needs of the Hospital. For more information on monthly giving, please call the Foundation office at 905-338-4642 or register online at www.oakvillehospitalfoundation.com

OTMH Friends of Tomorrow

Friends of Tomorrow are people who have provided for OTMH in their will. These donors are recognized on a plaque in the main lobby of OTMH and we are pleased to also honour them here. The Foundation is proud to acknowledge and thank the additional 22 donors who have made provisions for a legacy gift for OTMH but have chosen to remain anonymous.

Loyal Donors Honour Roll

The following individuals, families, foundations, and organizations have demonstrated unwavering support of Oakville-Trafalgar Memorial Hospital and have helped us deliver the very best community healthcare possible. Loyal Donor members are those who have given consecutively for 5-9 years, 10-14 years, 15-19 years, 20-24 years, or 25+ years. The Foundation is honoured to recognize the following Loyal Donors whose contributions equal \$500 or more between January 1 2010 to March 31, 2011.

New Oakville Hospital

Building on the deep roots of our community, the new Oakville Hospital will take healthcare in Oakville to a new level. Situated on a 50-acre site located at Third Line and Dundas Street, the new hospital will be more than double the size of OTMH to meet the urgent needs of our community's growing and aging population.

The new Oakville Hospital will offer:

- 80% single-patient rooms to reduce the risk of infection and enhance patient privacy and comfort
- Expanded capacity in all areas including a larger diagnostic imaging department with a combination of 5 MRIs and CT Scanners
- A new cancer clinic to provide patient assessment, counseling, and chemotherapy administration

- A healing environment focused on patient and family-centred care
- Space for future expansion to accommodate population growth, advancements in healthcare, and education and training space to ensure leading-edge care is available in Oakville today, tomorrow, and the future

Now is the time for Oakville's extraordinary community, renowned for its generosity and commitment, to come together and help the Oakville Hospital Foundation. With your help and support, we can equip a remarkable hospital that will respond to emergencies, mend broken bones, administer cancer care and promote all aspects of health in our community.
